11TH SCIENTIFIC MEETING**

*Pittsburgh, PA, USA
September 23-26, 2020*

POSTPONED UNTIL 2021 DUE TO COVID-19
Stay tuned for updates!

Dear ISRII Community,

In light of the increasing uncertainty around COVID-19 and its impact on our daily lives, ***the ISRII 11 International and Local Organizing Committees have made the difficult decision to postpone the Pittsburgh conference until September-October 2021.***

The global situation is rapidly changing, and many universities and countries have restricted travel indefinitely. Thus holding the conference this September will limit the number of attendees who submit papers and attend ISRII 11. We hope that by delaying the conference by a full year, we can still host a widely attended, diverse, and vibrant conference.

On behalf of our ISRII Organizing Committees and ourselves, please keep yourselves and your loved ones safe and well. Let's use our technology to make sure that we remain connected and engaged, and we encourage you to reach-out to others to offer assistance. ISRII is a strong organization with many members who have access to tools and technologies that can help safeguard our global community during this pandemic.

We look forward to seeing you in Pittsburgh!
